Our aim is to provide customers with an efficient and cost effective solution for the safe transportation of hazardous chemical waste whilst providing a service that minimises the impact upon the environment.

We offer a choice of two different chemical disposal packages which have each been tailored to suit customer needs and requirements. These are as follows:

Premium Package

A fully enclosed package which includes:

- Individual onsite listing of chemicals
- Separating and packing of chemicals including UN specification packaging materials
- All documentation
- Transportation
- Disposal at local waste station

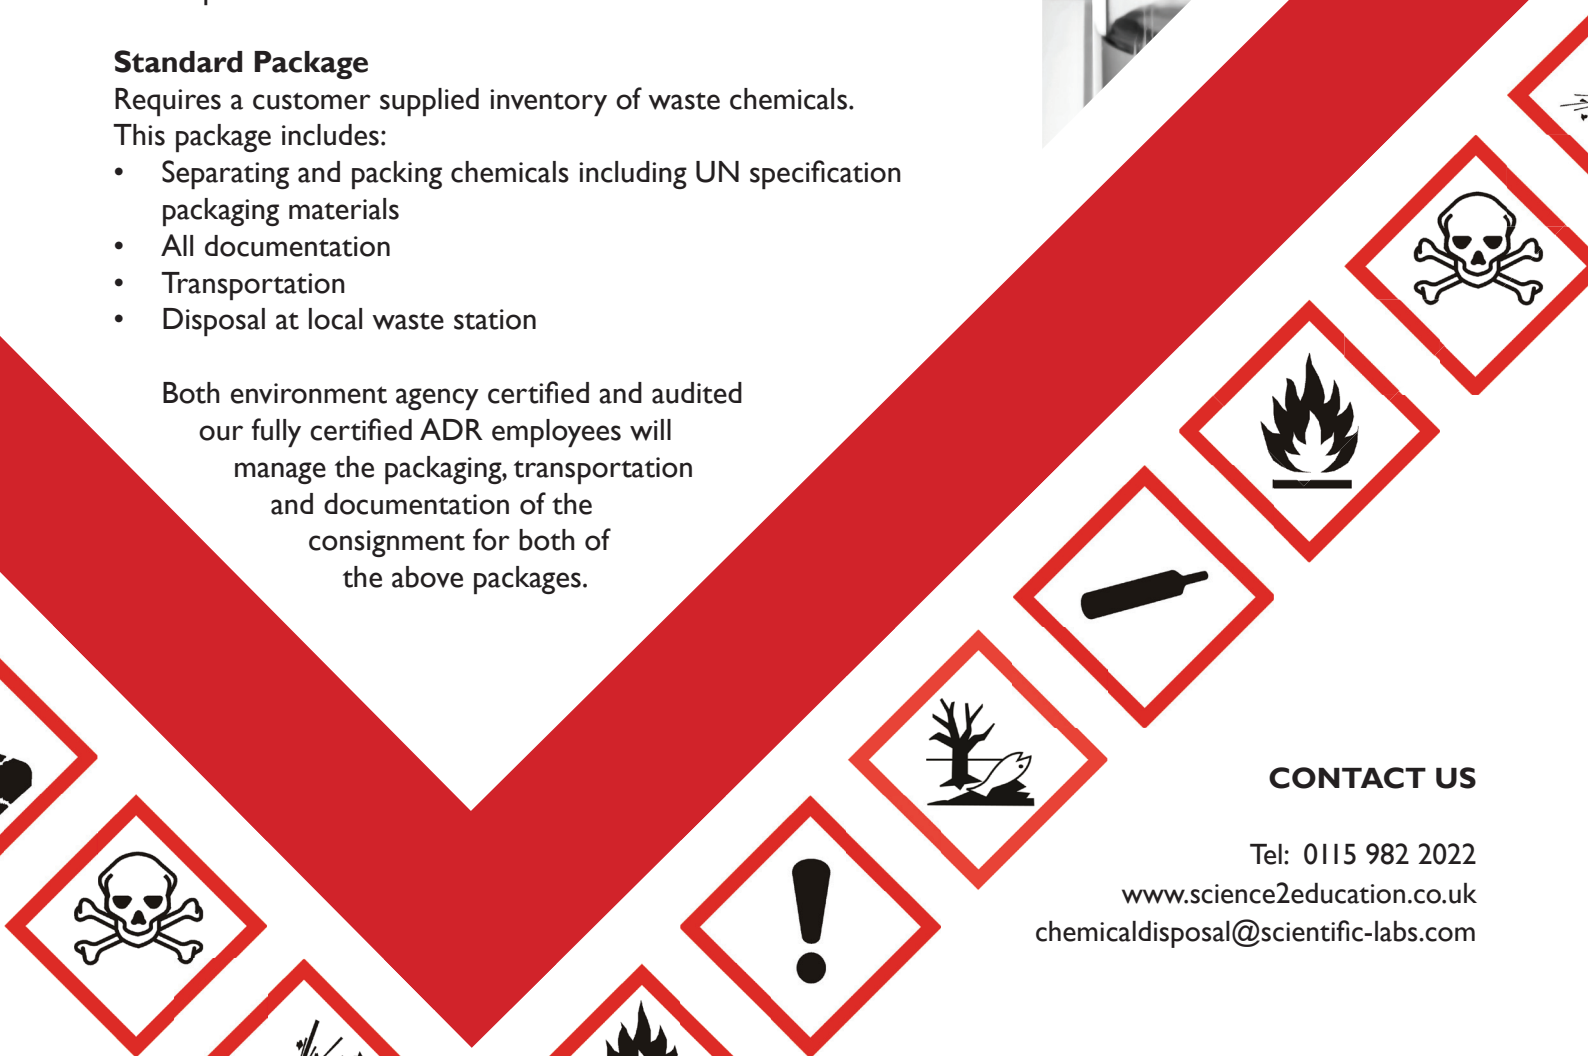

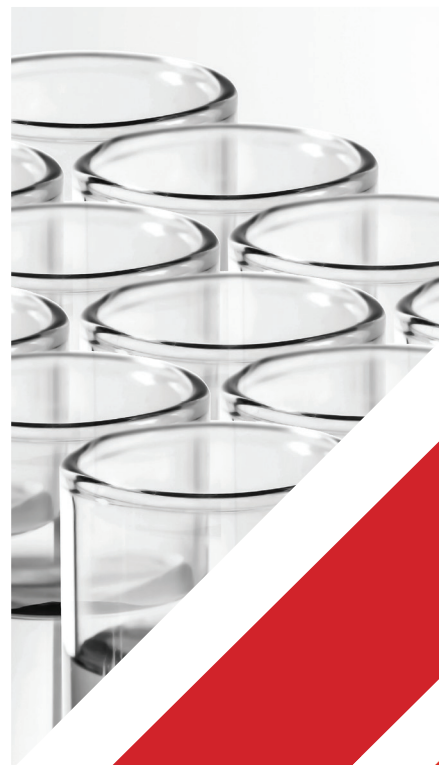

Standard Package

Requires a customer supplied inventory of waste chemicals.

This package includes:

- Separating and packing chemicals including UN specification packaging materials
- All documentation
- Transportation
- Disposal at local waste station

Both environment agency certified and audited our fully certified ADR employees will manage the packaging, transportation and documentation of the consignment for both of the above packages.
