1. Bug Pots (Magnifier Pots)

Children will find this set of 10 bug pots a useful addition to their study of nature. The individual transparent pots with measurement grids of 5mm squares and magnifying lids (2.5 x magnification) can be used to observe their findings.

Code	Pack	Price
SEB1009	10	£12.50

2. Insect Pooter

- Uses suction to collect and trap insects
- Collection method won't pinch or crush specimens
- Mesh covering on aspirator tube prevents specimens from being inhaled
- Clear viewing chamber

Code	Pack	Price
EDU1840	5	£12.79

3. Anemometer

This unique design gives a direct reading of wind speed, without the need to count revolutions. The low and high calibrations register ms-1 and the Beaufort scale. It can be hand-held or fixed permanently, complete with product guide. 280 x 190mm (h x w).
