1. Motic Moticam A Series Digital Microscope Cameras

The A Series is easy to install and ready for immediate use. All accessories are included; calibration slide, eyepiece adapters for any eyepiece tube, a focusable lens and even a macro tube is part of the package.

- A1 - for newcomers and advanced users, capture everything you need at 720p and work at a steady frame rate
- A2 - discover live specimens with steady 30fps, and give yourself a head start into digital microscopy with 1080p resolution
- A5 - high resolution above Full HD, while maintaining steady 30fps
- A8 - fast sCMOS imaging setup allows 4K resolution, while still delivering steady 15fps
- A16 - 1/2" sCMOS sensor, the resolution goes above 4K and delivers up to 15fps in live imaging

Code	Description	Pack	Price
MIC4320	A1	Each	**£202.70**
MIC4322	A2	Each	**£295.83**
MIC4324	A5	Each	**£393.52**
MIC4326	A8	Each	**£423.65**
MIC4328	A16	Each	**£521.35**

3. Moticam S Series USB Cameras

Equipped with back illuminated scientific CMOS sensors, these cameras deliver fast frame rates and powerful image quality. The S1 and S3 are are ideal as an introduction to digital microscopy. The S6 has speed, resolution and quality, the 6MP resolution is targeted to large sized monitors and printing. S12 and S20 are for maximum resolution for both display and printing. The Pro S5 cameras have a large 2/3" sCMOS sensor and a global shutter. This camera line take s sensitivity as a priority: fluorescence, polarisation and darkfield.

- Attachable digital C-mount camera
- USB 3.1 interface
- All in one box, plug and play concept
- Includes Motic Images Plus 3.0 software for PC, Mac and Linux
- Functions: still image and video capture, live and still image measurement, image adjustments, white balance, automatic & manual exposure, individual objective calibration system
