## 1. Biochrom WPA C07500 Colorimeter

The WPA C07500 colorimeter is a value for money instrument. It is compact, lightweight and ergonomically designed to withstand student use! This makes it ideal for use in busy teaching laboratories. The large display is easy to read and the instrument is simple to both set up and use, giving rapid results. The samples can be measured in either standard or semi micro 10mm pathlength cuvettes or in 16mm diameter test tubes.

- Measures absorbance, % transmission and simple kinetics
- Eight filters (440, 470, 490, 520, 550, 580, 590 and 680nm) encased in a filter wheel
- Rechargeable battery version available
- Rugged, portable and easy to use

Code	Description	Pack	Price
★ COL3410	Mains only	Each	£575.00
COL3412	Battery or mains	Each	£657.88
COL3414	Spare lamp	Each	£131.27
