7. Gas Preparation Kit

Simple gas preparation kit used for producing gasses which can be collected over water, e.g. oxygen, hydrogen and carbon dioxide. Comprises of a plastic tank with lid, test tube stand, five test tubes 150 x 24mm and stoppers, special gas chimney shelf, delivery tube and tubing connector. The tank and lid form a storage box for all components.

Code	Pack	Price
GAS1500	Each	£30.74
