

1. V-Hub Smart Sensor Links

Make your sensors wireless! The V-Hub sensor link is small and light. It can be mounted on a retort stand along with the experiment apparatus using the supplied mounting rod or directly to the dynamics system using the dynamics extension kit.

With a built-in rechargeable battery, V-Hub powers all of the sensors for a whole class day. Furthermore classroom management is simplified as only the V-Hub needs to be charged at the end of the day. V-Hub only shows your connection information. Sensor information and data capture are all taken care of in the latest version of the EasySense2 software.

V-Hub is available in two versions, V-Hub⁴ or V-Hub⁸, the latter features 4 built-in sensors which are light, humidity, pressure and sound. Our convenient five pack solution also includes 5 V-Hub data loggers with integral USB charging system and a Grattells storage tray.

Single V-Hub pack includes:

- 1 x V-Hub⁴/V-Hub⁸ interface (USB and Bluetooth)
- 1 x mini USB cable
- 2 x short SmartQ sensor cables
- 2 x long SmartQ sensor cables
- 1 x mounting rod
- Free download of the full EasySense cross-platform science software

| Code | Description | Pack | Price |
|---------|---|------|----------|
| LOG1062 | V-Hub ⁴ USB + Bluetooth | Each | £179.00 |
| LOG1064 | 5x V-Hub ⁴ USB + Bluetooth + charging tray | Each | £895.00 |
| LOG1066 | V-Hub ⁸ USB + Bluetooth | Each | £235.00 |
| LOG1068 | 5x V-Hub ⁸ USB + Bluetooth + charging tray | Each | £1175.00 |
| LOG1092 | 5x V-Hub charging tray | Each | £90.00 |

Scientific Laboratory Supplies Ltd

SLS Select Education is brought to you by the UK's largest independent supplier of scientific products.
