

1. SAMCO Burette Clamps, Single

This one-piece clamp holds 50mL burettes firmly to a laboratory stand. It can be fitted and adjusted with one hand. Moulded in acetal copolymer, it is easy to clean, can be sterilised and is resistant to most acids and alkalis. Suitable for 12mm retorts.

Not suitable for use with plastic/acrylic burettes.

Code	Pack	Price
BUR2080	Each	£2.73

2. SAMCO Burette Clamps, Double

High strength alloy casting with plastic jaws. The spring is firm, yet allows easy operation and will not damage glassware.

Suitable for all burettes up to 100mL capacity.

Code	Pack	Price
BUR2082	Each	£49.23

3. Burette Clamps

Polypropylene burette clamp.

Code	Description	Pack	Price
BUR2084	Single clamp	Each	£4.89
BUR20860	Double clamp	2	£19.00
