1. Medline Controlled Heating Mantles

Energy-regulated all purpose heating mantles. The time proportional double pole system allows stable control of the heating element, reducing risk of overheating liquids, whilst the dial controller allows accurate temperature settings.

Specifications:

- Case construction: steel, with chemical resistant coating
- Thermal insulation: moulded silica powder
- Heating element: nichrome wire
- Mantle: woven glass fibre mat
- Element temperature: up to 450°C (max)
- Power supply: 220V AC
- Supplied without plug, lead and supporting rod
