1. Cole-Parmer® HM Series Electromantles

Controlled and grounded electromantles with a built in power regulator with dial markings from 1 to 10, and safety earth (ground) screen. Ventilation slots keep the exterior safe to the touch. The replaceable, flexible, coiled heating element is suspended within a thermal insulating cartridge to provide maximum heat transfer and support.

- Stainless steel grounding screen provides added protection against shock
- Durable, chemical resistant polypropylene housing with ceramic fibre insulation
- Double fused
- Include a single support rod clamp that accepts a 1/2" rod
- Use with round bottom flasks

2. Cole-Parmer® HMV/SP Electromantles

Spill proof heating mantles which feature a hemispheric interior and a funnel shaped cavity with a base opening. Unique design accommodates a wide variety of flasks and 60° funnels. EMV models have a corrosion resistant stainless steel liner that gives electrical and mechanical protection against spills. EMX models include a safety earth (ground) screen to provide operator safety.

- Maximum temperature is 450°C
- Ceramic fibre insulation keep the chemical resistant polypropylene case cool
- Built in power controller has dial markings from 1 to 10 for repeatability
- Mantles feature indicator lights for "power on" and "heater on"
- All mantles (except 5000mL models) include a single support rod clamp that accepts a $1^{1}/_{2}$" rod
