

1. Genlab Multi-Purpose Benchtop Incubator

The Genlab range of benchtop incubators offers a range of highly efficient, reliable and cost effective units to suit most biological analysis, research and general laboratory applications. Available in a variety of sizes to suit your exact needs. Featuring the latest touch screen control system which offers intuitive control and excellent accuracies designed for industrial and laboratory incubators. The exterior is constructed from sheet steel and finished in an easy clean powder coated paint. The interior chamber is made from either mild steel coated with aluminium (CLAD) or a stainless steel (SS) chamber. They are fitted with fixed shelf runners and removable chrome plated wire grid shelves.

- Temp range ambient: +5°C to 70°C
- Fluctuation $\pm 0.25^\circ\text{C}$ at 37°C
- High resolution 0.1°C
- On screen historical trending (48 hours)
- Manual or automatic overheat reset
- High accuracy Pt100B duplex sensors $< 0.8^\circ\text{C}$
- Excellent stability $< \pm 0.6^\circ\text{C}$
- Low chamber uniformity
