1. Magnifier LED Lamp

The magnifying lamp offers a high quality 3 dioptr 100mm Ø magnifier lens, which is suitable for close up inspections. There are 18 LEDs in the lamp that simulate daylight, which ensures consistent lighting conditions regardless of the environment it is being used in. In addition to this, the magnifying lamp also offers a strong-arm joint for quick positioning or height adjustment.

- 1.75x magnification lens offering high quality magnification results
- Shadow free LED reduces strain on the eyes
- Economical LED light will never need to be replaced
- Flexible and strong arm joint allows for greater manoeuvrability and optimum positioning
- Supplied with a UK mains plug and 1.5m cable
