2. SATZ School Stop-Clock

Specifically designed for use in schools. The two buttons are large and colour coded for clarity. The LCD display is also large and clear. The unit can be used with timing gates via the 4mm sockets.

- Capacity: 59 hrs, 59 mins, 59 secs
- Resolution: 1/100 secs for first hour, 1 sec thereafter
- Operation: simple start/stop and reset
- Split timing
- Display: large bold 15mm LCD display
- Casing: high grade ABS plastic designed for strength
- Rubber feet for stability and large, colour coded buttons for clarity
- Power: 1x AA size battery (inc.) battery compartment features screw locked cover for added security
- Theft deterrent: 'SCHOOL STOP-CLOCK' printed on the front makes this stop-clock very obviously out of place if taken from school
