

1. Automatic Clock Timer

Easy to use as a standard timer or automatically triggered by external devices for start/stop via 4mm jack sockets. The stop-clock is a high accuracy timer, with a robust construction ideal for regular use. Colour coded buttons and jack sockets make the timer extremely practical and convenient to use.

- 30ppm quartz crystal for high-accuracy timing
- 15mm LCD display
- Quick and easy press-buttons for start, stop & reset
- 4mm jack sockets for automatic triggering of timer by external devices
- Colour coding and clear marking on buttons and jack sockets
- Impact-resistant ABS case with non-slip rubber feet
- Supplied with battery

Code	Pack	Price
★ TIM1164	Each	£10.48

2. SATZ School Stop-Clock

Specifically designed for use in schools. The two buttons are large and colour coded for clarity. The LCD display is also large and clear. The unit can be used with timing gates via the 4mm sockets.

- Capacity: 59 hrs, 59 mins, 59 secs
- Resolution: 1/100 secs for first hour, 1 sec thereafter
- Operation: simple start/stop and reset
- Split timing
- Display: large bold 15mm LCD display
- Casing: high grade ABS plastic designed for strength
- Rubber feet for stability and large, colour coded buttons for clarity
- Power: 1x AA size battery (inc.) battery compartment features screw locked cover for added security
- Theft deterrent: 'SCHOOL STOP-CLOCK' printed on the front makes this stop-clock very obviously out of place if taken from school

Code	Pack	Price
ZSC-98A	Each	£18.43

3. Stop Clock

A general purpose stop clock with large start and reset triggers for operation. Housed in a black powder coated metal case with 100mm dial. Packed in sturdy case with protective foam insert.

Code	Pack	Price
STPCLCK	Each	£13.17
