## 3. Swann-Morton Qlicksmart™ BladeFLASK Scalpel Blade Remover

A safe, quick and easy single-handed method of scalpel blade removal, significantly reducing the risk of injury to scalpel blade users and downstream staff. The scalpel handle is inserted in to the Qlicksmart unit, blade first, until a distinct click is heard. The handle can then be withdrawn and the blade is contained within the Qlicksmart unit. Holds up to 100 blades, and features a counter with an automatic shut off mechanism to eliminate jamming or mechanism failure due to overfilling. Qlicksmart is designed for use with blades from handle numbers 3, 4, 5, 7 and 9, and can be wall or surface mounted using the purpose designed bracket.

| Code | Description | Pack | Price |
|---|---|---|---|
| **INS4698** | BladeFLASK scalpel blade remover | Each | **£34.14** |
| **INS4697** | Mounting bracket | Each | **£4.65** |

## 4. Swann-Morton Scalpel Blade Removers

Allows for safe and easy removal of all sizes of scalpel blade from both no. 3 and no. 4 handles. Each blade is safely encapsulated within an individual remover, which may then be disposed of in an appropriate sharps bin or container.

- Non sterile
- Single use
- Transparent to allow for 100% accountability of the blades

| Code | Pack | Price |
|---|---|---|
| **INS4699** | 50 | **£7.53** |
