## 2. Genlab Drying Cabinets

Suitable for glassware and equipment, these ovens are constructed from powder coated sheet steel body, available in either insulated or non-insulated versions and are fitted with fixed shelf runners and removable plated wire grid shelves as standard. Available insulated for improved efficiency plus energy and cost savings.

- Max temperature range ambient +50°C
- Easy clean powder coated body
- Toughened glass doors
- Fan circulation on 500L and 1000L models
- Insulated version reduces energy requirements by 30% in comparison to the non-insulated versions
- Easy to use thermostatic control
- Independent overheat thermostat
- All units have a powder coated mild steel exterior and the insulated cabinets have 304 stainless steel interior
- Fitted with 3 shelves
