

## 1. Stuart UC152 & US152 Stirrer Hotplates

Stylish and economical general purpose hotplate stirrers designed with safety as well as performance in mind. The compact shape takes up less bench space and makes storage easier. The hotplate has an innovative LED temperature indicator scale can also be used in conjunction with an SCT1 digital contact thermometer to accurately control sample temperature.

STI2600 has a glass ceramic top which has excellent chemical resistance. The white surface ensures good visibility of colour changes.

STI2602 has a robust aluminium/silicon alloy top plate for excellent heat transmission. The top plate has a thin ceramic coating for added chemical resistance.

All models have an integral fitting for a retort rod and the bottom is shaped to allow a retort base to slide underneath the unit if required so saving further bench space and time when setting up numerous units.
