SLS Select Education

10th September 2018

SciLabware are happy to announce the new exciting changes to the distribution of Pyrex®, Quickfit®, MBL® and Azlon® implemented for the new academic year.

SciLabware have taken this decision to support and concentrate our efforts with three preferred key suppliers who will best represent our portfolio in the Education market.

This will allow SLS Select Education to work closely with both the Education market on our brands, provide more detailed information on the products, CPD information, workshops and support for the science technicians.

You can obtain further information from our website and SLS Select Education website but please don't hesitate to contact SciLabware should you have any further questions.

Kind regards,

Marc Hurn
Sales Director
SciLabware Ltd
